WMC Visit to Viking Motorsport - 12th March 2012

Following his fantastic reception at the years Dinner Dance, Phil Mills made the mistake of inviting WMC down to his Viking Motorsport workshop down in Newtown! This was for a general look around, show everyone what he had ongoing, and the processes that he goes through to prepare Mk1 and Mk2 Escorts – cars he specializes in.

I think Phil wasn't expecting such a response from WMC, and had numbers of 10-12 in mind, I think he was a little shocked when a convoy of 6 cars rolled up, with 19 members taking him up on his offer!

We arrived at Newtown at about 7:30pm, after Phil had kindly arranged to stay behind with his head engineer for the evening, as most members would have found it very difficult to go during daytime hours. ...and so began the tour, I'll let the pictures do the talking.....

Wake up Gary!!! Mk2 Shell acid dipped, ready for the Viking Treatment.

Mk2 Shell fully seam welded, with cage fitted. Prep time between pic 1 and pic 2 – 500hrs!!!

Stock! Phil said he likes to keep 6-9 shells in stock at one time, travelling near and far to collect the last of a now rare breed of Ford.

Car driven by Stig Blomqvist at the 2011 Safari Rally – this is how the car arrived back, and still had the road book in the navigators seat.

BDA Equipped Mk2 – driven to 2nd Overall at this years RAC Rally by Gwyndaf Evans – Currently for sale.

A couple more cars in the workshop at various stages of build.

We must once again thank Phil for his hospitality, he spent an hour showing us round, then put on tea / coffee and we all spent the next 2 hours picking his and his engineers brains over the processes he used and the cars had had in. It was certainly a different Monday night, and well worth the trip. A thank you is also needed for Neil Philpotts who spoke to Phil and help organize the trip!

- Maintaining Group 4 Mk2 Escorts in accordance with MSA and FIA legislation
- On-event support anywhere in the world...
- Full workshop and fabrication facilities
- Complete satisfaction

TSH STAGES

19th & 20th MAY 2012

Portreath RAF Base, Cornwall

South Hams Motor Club are once again hosting this round of the South Rally Championship and are inviting entries and marshals from any other

The event is run over 2 days and 14 stages with 2 stages being run simultaneously on the Saturday. This means that we need extra bodies willing to man the extra start and finish along with as many marshals as we can muster to ensure the usual smooth running of the event. This is a closed event which means that we can not have spectators on the site and strictly no photography! – if you want to experience this weekend sign up as a marshal!

We are hoping to get around 100 entries for this event so if you are interested in competing please contact our Entries Secretary (Mandy Dymond 07730 249349) or if we can tempt you out to help on one or both days please call the Chief Marshal (Pete Layland 07731 588558) all marshals will be most welcome – experienced or not.

Air Ambulance

Please may I bring to your attention a petition to encourage the Government to exempt Air Ambulance services from duty on the fuel they use, in the same way as the Lifeboats (RNLI) are exempt.

If we gain 100,000 signatures, Parliament is duty bound to debate the issue - currently we have over 20,000 signatures.

Thank you for your support for this magnificent volunteer funded service.

Please pass on to all of your UK friends.
